

Salesforce – Model Performance Test

Date	30 July 2026
Student Name	R. Nagarjuna Raju
Project Name	Intergalactic Space Travel Request (ISTR) System
Maximum Marks	—

Applicability Note

The Intergalactic Space Travel Request (ISTR) project is built entirely on the ServiceNow platform as a scoped workflow automation application. It does not incorporate Salesforce (Objects, Fields, Reports, or Einstein/Yolo model automation). This template is therefore marked Not Applicable (N/A) for this project, rather than filled with figures that would misrepresent the system that was actually built.

Model Performance Testing:

Project team information for the model performance testing template below.

S.No.	Parameter	Values	Screenshot
1	Model Summary	Not Applicable – ISTR uses ServiceNow scoped application tables, not Salesforce Objects/Fields.	—
2	Accuracy	Not Applicable	—
3	Confidence Score (Only Yolo Projects)	Not Applicable	—
